DETAILED ACTION

Claims 1-28 are pending.

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group 1, claim(s) 1-14, drawn to an established cell line and a non-human animal carrying said established cell line.

Group 2, claim(s) 15-24, drawn to and a method for identifying a substance likely to treat a tumor of the prostate comprising administering test substances to said non-human animal.

Group 3, claim(s) 25-27 drawn to a PSM-P12 antibody and a coupling product between a specific monoclonal antibody and a substance of therapeutic or diagnostic interest of cancer of the prostate.

Group 4, claim(s) 28, drawn to the use of the PSM-P12 antibody in a targeting process of tumor cells of the prostate.

The inventions listed as Groups 1-4 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Claim 26, drawn to a coupling product between a specific monoclonal antibody and a substance of therapeutic or diagnostic interest for prostate cancer is anticipated by Pastan et al who teach an antibody targeting to prostate cancer cells, B1, B3 or B5, wherein said antibody is conjugated to a toxin, radionuclide or drug. Thus, the claims lack a special technical feature because the subject matter of claim 26 is known in the art.

Art Unit: 1642

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
